

WHAT'S NEW IN RMS™ 5.5

RMS 5.5 adds support for the latest Meyer Sound loudspeaker models. This release is available at www.meyersound.com/products/rms/register/form.htm

Use this addendum as a supplement to the *RMS 5.2 User Guide*.

RMS 5.5 now supports the following Meyer Sound loudspeakers. These loudspeakers can be commissioned and their performance and status can be monitored.

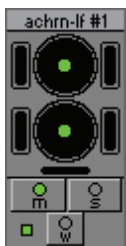

- Acheron 80 Screen Channel Loudspeaker

- Acheron 100 Screen Channel Loudspeaker

- Acheron LF Low Frequency Extension Loudspeaker

- Acheron Studio Screen Channel Loudspeaker

- X-800C High-Power Cinema Subwoofer

The loudspeaker commissioning process now uses a similar look and feel whether a single commission or batch commission is being used.

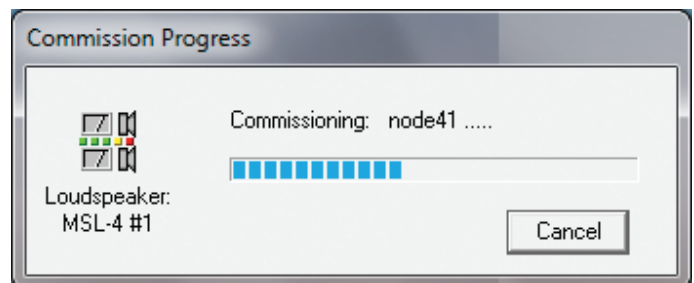

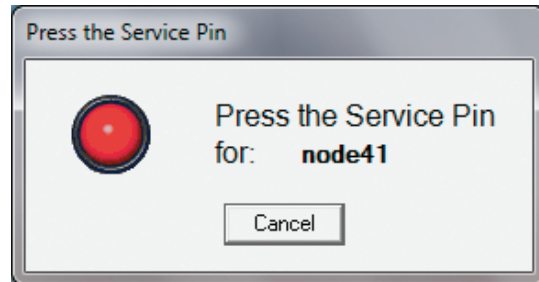

Figure 1. Commissioning progress dialogs updated.

The maximum number of characters allowed for a loudspeaker title has been increase from 12 to 18.

The Echelon LNS Licensing update is now included in the RMS installers to protect the LNS License from corruption caused by Windows Updates and Service Pack enhancements. This is automatically installed with both the RMS Full Installer and RMS Upgrade Installer.
